

THE MOBILITY HOUSE

Business Development Intern

Location: Sunnyvale, CA

Do you want to play a key role in bringing an innovative product to market? You will help us promoting electric mobility and thereby shape the future of transportation.

WHAT YOU WILL DO

- Conduct market research and competitive analysis to refine go-to-market strategy.
- Create relationships with potential partners for pilot projects and attract first US customers.
- Evaluate and resolve technical feasibility of projects.
- Develop materials and presentations for client meetings.
- A little bit of everything – we are a startup.

WHAT YOU BRING TO US

- Can-do attitude and passion; we are a very mission-driven company that wants to enable an emission-free future.
- Ability to work independently and as a member of a team.
- Ability to interact comfortably and skillfully with senior-level executives and others within and outside the company.
- Understanding of the issues and opportunities surrounding the changing energy and mobility industry.
- Bonus points (not a requirement) for automotive or energy industry experience and electrical engineering background.

WHAT YOU CAN EXPECT FROM US

- Good times – we love what we do, work hard, and have fun along the way.
- We'll treat you as a full member of the team.
- Lots of autonomy and responsibility – you can significantly shape a new venture.
- Open feedback culture – we want to grow as people and help each other to do so.
- Learning opportunity – this is a young industry and every day you'll gain new knowledge and skills.

READY TO JOIN US? APPLY NOW!
