

ZapCharger Pro Column Premium

PRODUCT SHEET

Easy placement outdoors

Especially designed for easy installation and maintenance

ZapCharger Column Premium is a high-quality column designed for easy mounting of ZapCharger Pro charging stations in open landscapes. Plan your electric car charge with a stylish expression.

The column is powder coated with a matte gray surface and black front cover that quickly removes to get to the connection box. Mounting to the ground is easily done using the 4 bolt holes at the bottom that are made for standard base CC160.

ZapCharger Column Premium comes in two variants, Single and Twin. On Single, you can have one ZapCharger Pro charging station per column, if you want more flexibility, Twin will allow you to mount two ZapCharger Pro charging stations per column.
