THE MOBILITY HOUSE

Is DevOps your thing?

Senior DevOps Engineer m/f/d

👤 fulltime/part time   🕐 immediate   📍 Munich

What we offer you

- An open company culture and encourage each other to participate to the fullest
- We invest in you and help you develop your skills
- We are a fun and down-to-earth group with talented colleagues from all over the world
- Flexible working hours, home office & 30 days holiday
- We're working in a great office space, that energizes us everyday. Most of all we love BBQ parties on our roof terrace near the Ostbahnhof
- Together with you, we have this one Vision- to design a zero-emission future for energy and mobility
- More about us

What you do at TMH

- You design, implement, scale, and maintain our AWS and terrestrial infrastructure using tools like CloudFormation, SaltStack, and the pragmatic use of automation
- You improve and scale our monitoring Infrastructure
- You contribute to the continuous improvement of our software development technologies, tools and processes to ensure highest quality in our products
- You use your experience to confidently and clearly express your opinions
- You learn quickly and share your knowledge and skills with your teammates

Who you are

- As Senior DevOps Engineer, you have 5 years or more experience in the DevOps role
- You have expert knowledge of the Linux OS and Shell scripting
- You know how to get in and out of trouble using Python, Ruby, or similar languages
- You enjoy a good challenge and solving difficult problems
- You are a team player and enjoy working in cross-functional teams
- You have a university degree in Computer Science or Electrical Engineering or equivalent practical experience
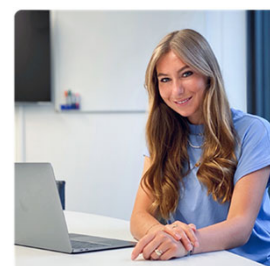

Ready to join?

We look forward to your application (including salary requirements and start date) - We are also open to applicants with severe disabilities:
